

The Sentinel: May 10, 2021 News and events happening in the [Computer Science Department](#)

CS Tea Talks - Spring Term:

Tea Talks take place via Zoom on most Thursdays during the academic year. To receive the zoom link sign up for the [cs-interest mailinglist](#) then join us **via Zoom 4:00-4:45pm**. Watch for emails from Professor Rafferty highlighting details about our talks and the Zoom link; also check for details on the CS department [website](#)

May13: [CS Tea](#): Discovering Patterns of Insulin Use and Blood Glucose Concentrations in Type I Diabetes. This week's Tea Talk features professors Sarah Meerts and Dave Musicant along with Carleton seniors Cole Dilianni and Gracie Little.

Attn. Juniors ('22): Be sure to fill out the comps survey if you haven't already done so. This is due by 10:00pm, May 13th. The link can be found in the email you received from Professor Amy Csizmar Dalal.

OTHER EVENTS:

[Coded Bias](#) a Shalini Kantayya film and selection for 2020 Sundance Film Festival. Join the Twin Cities Innovation Alliance (TCIA) and cosponsors for this two part evening event:

- May 13th 6-8pm Screening & Director Q&
- May 14th 6-8pm Response Panel & community Conversation

Let's unpack what Coded Bias means to us, at home, in schools & in our communities. For additional information email info@tciamn.org

The **Computer Science Department at the University of Iowa** is proud to announce a new NSF-funded REU site: [Computing for Health and Well-being](#). A ten-week program will run from May 24 to July 30, 2021 in-person (if the pandemic renders an in-person experience infeasible, we will hold the site virtually). We would appreciate your help with sharing this information with undergraduate students. Candidates from populations underrepresented in STEM fields or from academic institutions with limited research opportunities are encouraged to apply as well as students with disabilities. *Applications will be reviewed on a rolling basis until all positions are filled.* If you have any questions or need more information, [please contact Dr. Elizabeth Kleiman at \[uicsreu@gmail.com\]\(mailto:uicsreu@gmail.com\)](#) or [visit our website](#).

JOB/ INTERNSHIP OPPORTUNITIES:

SEO Tech Developer has open positions for Summer employment

The SEO Tech Developer is currently seeking a Software Engineering Teaching Assistants for this summer's program. About SEO Tech Developer: The SEO Tech Developer is a new paid summer program for Black, Latinx, and Native American sophomores majoring in computer science, computer engineering, and related STEM fields. The SEO Tech Developer is an immersion program designed to help sophomore students level up their programming and interview skills to increase their opportunity to land roles at leading tech companies. Participants will have the opportunity to learn from a curriculum developed and delivered by tech professionals, while gaining coaching and mentorship from professionals at leading companies like Wayfair, Take 2 Interactive, and Workday.

DOCSI is looking for a Start-up Software Engineer Intern. DOCSI is a fast-moving, early-stage, healthcare information technology startup based in Minneapolis. Current efforts target the redesign of an essential, but antiquated element of procedural workflow -- the “doctor preference card” -- to transform it into a mobile, smart, cloud-based tool that offers significant gains in efficiency and cost-savings for healthcare Systems. DOCSI is seeking a highly-motivated software engineering intern to join team DOCSI and help develop our iOS application. If interested in this position, please email your resume and cover letter to dsheeler@docshealth.com

Gustavus Adolphus College is looking for a Systems Administrator and Networking Analyst. Applications are now being accepted.
