### ALUMNI UPDATES

#### **Katie Hodges-Kluck (Thompson Newell) '05:**

I married fellow historian Stefan Hodges-Kluck in Morrison, CO, on June 15th, 2013. We honeymooned in Iceland (where we bathed in hot springs tucked into a 13th-c lava field and visited the Viking World Museum) and in Germany (where we hiked 90 miles along the Rhine Castles Trail, seeing some 40-odd castles and many Roman ruins). Last spring I was awarded the 2013-14 Jimmy & Dee Haslam Dissertation Fellowship by the Marco Institute for Medieval and Renaissance Studies at the University of Tennessee. I will spend the year (advised by Jay Rubenstein '89) writing my dissertation, "The Matter of Jerusalem: The Holy Land in Angevin Court Culture and Identity, c. 1154-1216."

#### **Mark Olson '11:**

I just wanted to send a quick note because my current work has a connection with my 395 paper and I just had to share!

I am currently the Alumni & Development Director at YMCA Camp Pandalouan in Montauque, MI and one of my tasks as the first person in this new position is to organize the +40 rubbermaid and cardboard boxes of camp photos, staff rosters, and memorabilia from the past 8 decades. Obviously the history major in me loves this aspect of my job!

Well I was searching the web to see how other YMCA camps tackled endeavors like the one we are undertaking and I came across the Kautz YMCA Archives at the University of Minnesota. The contact person listed to help with projects like this was the same archivist that I worked with during my 395 paper! How cool is that?! I got so excited that I reread my 395 paper from start to finish, which I hadn't done in over 2 years (I also reread my comps for good measure).

## OPPORTUNITIES IN HISTORY CONTINUED

### HELP EXPAND THE CARLETON INTERNSHIP DIRECTORY

**Deadline September 24**

Over the past two years, the Career Center and Institutional Research have developed the "Student Internships Experiences" database -- a searchable collection of 1000 internship experiences by Carleton students. It's a valuable resource for students as they search for internships. We are asking for every sophomore, junior, and senior to help expand the directory by providing information about any internship experience they have completed over the past 12 months. It will remain open for only one week, until September 24th. The database is online at

### WORK FOR ENVIRONMENT MINNESOTA

**Apply by October 7th**

Each year, Environment Minnesota hires graduating seniors with the passion, the commitment and the talent it takes to stand up to polluting industries, fight for a green future and do what it takes to win. Our Fellowship Program is a two-year crash course in the nuts and bolts of environmental activism, organizing, advocacy and the type of institution-building that can sustain long-term battles. If you're not graduating this year, apply to be an Environment America intern. You can work for Environment Minnesota remotely from campus while at Carleton or apply for an internship over winter or summer break.

### NEW MAJOR SPOTLIGHT: CALLIE GONYEA

#### What made you choose History?

I fell in love with history in my AP World class in 10th grade and haven't looked back. The vastness of the field fascinates me and I feel like I can study any of my other interests through a historical lens.

#### What was your dream job when you were little?

I desperately wanted to be a teacher, and then a marine biologist. But, I am terrified of sharks, so I wanted to be a freshwater marine biologist and study lakes. Funnily enough, I now hope to be an elementary school teacher, so I've come full circle.

#### What historic period would you like to visit?

World War II-era America would be fascinating. The transformation of the country into a war machine would be interesting to watch, and women held such a unique place in that society. It would be intriguing to witness America as a united entity, seeing how divided we are today.
