Position Title: Research Assistant for the Carleton SLAI Computer Science Program

Who should apply?
This position is open to current Carleton Sophomores, Juniors, and Seniors. The Computer Science Program is a three-week residential summer institute that gives current high school sophomores and juniors a chance to experience college-level work in computer science. The Computer Science Program offers four guided research groups; Research Assistants will assist one guided research group for the duration of SLAI. Research Assistants assist faculty with class activities, working closely with participants as they learn to identify and use systematic problem-solving skills employed by computer scientists while completing a collaborative guided research project.

Position Schedule:
- The Research Assistant Position is full-time for the duration of the 3-week pre-college program. Research Assistants will assist one guided research group for the duration of their session.
- Position Dates: July 18 – August 7. In particular, a mandatory training event will take place on July 18.

Benefits of the Position:
This position will be paid a stipend of $480/week for three weeks. This position includes a summer meal plan (when the dining hall is open) and campus housing while the programs are in session and the student is employed.

Research Assistants will also have the ability to participate in activities and weekend trips.

Responsible to:
- Faculty Assigned
- Dave Musicant, Director, Computer Science Program
- Matt Klooster, Director, Summer Liberal Arts Institute

Qualifications and Requirements:
This position is open to current Sophomores, Juniors, and Seniors.

- Applicants must have an interest in working with high school juniors and seniors and possess the ability to help and mentor the students.
- Applicants should model appropriate behavior and time management skills.

Desired Qualifications:
- Prior experience working with Middle or High School students.
- Experience with at least one of the four computing research topics being covered within the institute.
- A passion for Carleton and what we can offer each individual student.
- Past experiences at Camps or Pre-college programs.
Responsibilities:

- Demonstrate a commitment to maintaining order. Research Assistants are role models for our students, they are responsible for making sure all rules are followed, and they are committed to keep all students safe in the research lab and classroom.
- Assist with mentoring students in guided research. Research Assistants spend all day with participants, both in more structured classes and in more free-form research sessions.
- Facilitate group discussions. To accurately give the students a pre-college experience we must create safe and welcome environments to encourage both academic and personal growth.
- Assist with and be responsible for following emergency protocols.

All of our 2020 Pre-College Programs:

- Art in A Changing Landscape
- Quantitative Reasoning Program
- Computer Science Program
- Humanities Program
- Applied Sustainability

Questions?

Thank you for considering the Research Assistant position. We are looking for a fun, driven, and excited summer staff. If you are interested in the position please apply on our website and pay close attention to the application dates.

All possible applicants must complete the application form by **February 14, 2020**. The application is available at go.carleton.edu/summer/employment. In addition to completing this form applicants must send in a copy of their transcript to the Summer Liberal Arts Institute Office. Transcripts will be reviewed by the faculty hiring committee.
