

Welcome!

Alternative Spring Break 2022 Info session
January 13th, 2022 12-1pm
Zoom!

Presented by Anna Schumacher, Melissa Thomas & Maddie Fry

What's the CCCE?

The CCCE is a hub for

- experiential learning that contributes to more just, thriving, and sustainable communities;
- reciprocal community-campus partnerships that advance shared priorities; and
- building civic agency and practicing collaboration that is attentive to racial equity, power, and positionality.

Quick facts about ASB

1. Carleton has a long history of partnering with both host sites, spanning over 15 years!
2. Student led trips using Carleton's fleet vehicles (need campus drivers!)
3. Financial assistance is available through the CCCE with generous contributions from CSA and the Julianne Williams Memorial Fund
4. All participants must participate in group orientation during 8th week
5. Post-trip event to share experiences between groups and reflect on the trip

Application Process

Trip Leaders:

Applications due: Sunday, January 30th

Food and housing provided on site

COVID Contingency Plans

We are hopeful that COVID conditions and campus policy will allow us to run these trips in 2022! Here are some important things you may want to know about how we will approach COVID:

- If the trips were to be canceled, we'd redistribute the trip budget to provide on-campus housing for the trip attendees during the trip dates
- Masks (KN64s or N95s) will be provided to trip participants
- If there are any concerns about safety, the Pro Staff team will happily work with all trip attendees to develop a plan that makes everyone feel safe

Questions?

Contact Anna Schumacher (schumachera@) with any additional questions!

Find the applications online at: apps.carleton.edu/ccce/programs/asb

Alternative Spring Break
