INDEPENDENT AUDITORS' REPORT

Board of Trustees Carleton College Northfield, Minnesota

Report on the Financial Statements

We have audited the accompanying financial statements of Carleton College which comprise the balance sheets as of June 30, 2018 and 2017, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Carleton College as of June 30, 2018 and 2017, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 20, 2018, on our consideration of Carleton College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the result of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Carleton College's internal control over financial reporting and compliance.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Founded in 1866, Carleton College is a private, co-educational, residential liberal arts college, located in the historic river town of Northfield, Minnesota. Carleton attracts a diverse student body and a distinguished faculty whose priority is teaching with a commitment to the liberal arts. Carleton is a national college enrolling approximately 2,000 students drawn from nearly all 50 states and 35 different countries. Carleton offers a four-year baccalaureate degree, with 33 majors and 31 minors in the arts, humanities, natural sciences/mathematics, and social sciences, preparing its graduates for leadership positions in their communities, countries and the world.

Basis of Presentation

The financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the College and changes therein are classified as follows:

<u>Net Assets Without Donor Restriction</u> – Net assets that are not subject to donor-imposed restrictions. Net assets may be designated for specific purposes by action of the board of trustees.

Net Assets With Donor Restrictions – Net assets whose use by the College is subject to donor-imposed restrictions that can be fulfilled by actions of the College pursuant to those restrictions or that expire by the passage of time. Net assets may be subject to donor-imposed restrictions that they be maintained permanently by the College. Generally, the donors of these assets permit the College to use the income earned on related investments for general or specific purposes.

Revenues are reported as increases in net assets without donor restriction unless use of the revenue is restricted by donor-imposed restrictions. Expenses are reported as decreases in net assets without donor restriction. Gains and losses on investment and other assets or liabilities are reported as increases or decreases in net assets without donor restriction unless their use is defined by donor-imposed restrictions.

Net assets with donor restrictions which are met in the current period are reclassified to net assets without donor restriction and reported as net assets released from restrictions.

Periodically donor restrictions related to net assets may be clarified or changed, such changes are reflected as transfers at the time they are identified.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents

Cash and cash equivalents include interest-bearing money market accounts and short-term investments with a maturity at time of purchase of less than three months, except for any such investments managed by external investment managers are classified as investments. The amounts on hand may at times exceed the federally insured limit defined by the FDIC.

Contributions Receivable

Contributions receivable, including unconditional promises to give, are recognized as revenues in the period received. Conditional promises to give are not recognized until they become unconditional, that is, when the conditions on which they depend are substantially met. Contributions of assets other than cash are recorded at their estimated fair value. Contributions to be received after one year are discounted at an appropriate discount rate commensurate with the risks involved. Amortization of discounts is recorded as additional contribution revenue in accordance with donor-imposed restrictions, if any, on the contributions. Contributions receivable are using discount rates ranging from approximately .11% to 2.85%, depending on the year of inception. An allowance for uncollectible contributions receivable is provided based upon management's judgment including such factors as prior collection history, type of contribution and nature of fundraising activity. For the years ended June 30, 2018 and 2017, the College had an allowance of \$200,000.

Other Receivables and Loans to Students

Receivables are stated at net realizable value. Based on management's experience and analysis of individual accounts past due, the allowance for uncollectible accounts was \$30,000 for the years ended June 30, 2018 and 2017. The allowance is evaluated annually.

Inventories

Inventories consist primarily of print center paper supplies, facility storeroom supplies and steam plant fuel oil reserves for the back-up generators. Inventories are stated at the lower of cost or market, determined by the first-in, first-out method.

Deposits with Bond Trustee

Deposits with bond trustee include bond proceeds held in escrow during the period of construction and amounts deposited for bond principal and interest payments.

Fair Value Measurements

The College reports investments; trusts held by others and swap at estimated fair value. Fair value represents the price that would be received upon the sale of an asset or paid upon the transfer of a liability in an orderly transaction between market participants as of the measurement date.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements (Continued)

Most of the College's investments are held through limited partnerships and commingled funds for which fair value is estimated using net asset values (NAVs) reported by fund managers as a practical expedient for fair value measurements. U.S. GAAP allows such NAV measured investments to be excluded from the categories in the fair value hierarchy.

U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs used to measure fair value into three levels:

Level 1 – Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities.

Level 2 – Observable prices that are based on inputs not quoted in active markets, but corroborated by market data.

Level 3 – Unobservable inputs that are used when little or no market data is available.

The fair value hierarchy gives highest priority to Level 1 inputs and lowest priority to Level 3 inputs. In determining fair value, the College utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible.

Property, Plant, and Equipment

Property, plant, and equipment are stated at cost less accumulated depreciation. The College capitalizes equipment expenditures greater than \$10,000, building expenditures greater than \$150,000. Depreciation is computed on the straight-line/half year method over the estimated useful lives of the assets:

		(Original Cost
			2018
Land	No Depreciation	\$	3,785,213
Land Improvements	30 Years		843,255
Buildings and Building Improvements	20 - 40 Years		304,348,867
Library Books	10 Years		33,396,442
Equipment and Vehicles	3 - 5 Years		56,628,314
Construction in Progress	No Depreciation		41,915,679
Total Original Cost		\$	440,917,770

Deferred Income and Deposits

The College records cash received for future services as deferred revenue. This revenue is recognized when services are provided. Deferred revenue consists primarily of unearned tuition.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Asset Retirement Obligation

Financial accounting standards require the College to accrue for the present value of future estimated costs to remediate asbestos environmental hazards related to property owned by the College. The College has estimated the cost of potential obligations and applied a future value rate assumption of 3% and a present value risk-free rate of 5% to determine the potential liability. Conditional asset retirement obligations reported within liabilities in the balance sheets as of June 30, 2018 and 2017 were \$2,155,667 and \$1,731,368, respectively.

Refundable Government Grants for Student Loans

Funds provided by the United States Government under the Federal Perkins Loan program are loaned to qualified students and may be re-loaned after collection. If the College were to terminate the Federal Perkins Loan Program, these funds would be refundable to the government and, therefore, are included in other long-term liabilities.

Endowment

The Carleton board of trustees has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the original gifts as of the gift date of the donor-restricted endowment funds absent explicit donor stipulation to the contrary. As a result of this interpretation, the College classifies as perpetually restricted net assets, (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment.

Endowment funds include donor restricted net assets and funds designated by the board of trustees for long-term support of the College including, including any accumulated income and appreciation thereon. Purpose restricted endowment net assets include accumulated appreciation on donor-restricted endowment funds, as well as donor-restricted, spendable gifts designated for long-term support of the College. Perpetual restricted endowment net assets include those funds designated by donors to be invested in perpetuity to provide a permanent source of income.

The College has established an endowment spending policy used to determine an annual spending dividend. Total spending is equal to 70% of prior year spending increased by 2%; plus 30% of 4.95% of the 12 quarter average market value of the endowment unit value for the period ending June 30 of the year, one year prior to the start of the fiscal year; banded by not more than 5.75% or less than 3.75% of the market value of the endowment for the period ending June 30 prior to the start of the fiscal year.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Split-Interest Agreements

The College records three types of split-interest agreements.

When the College serves as trustee, annuities payable represent the College's liability under annuity contracts with donors and irrevocable charitable remainder trusts. Specific contract terms vary by donor. The liability is established at the time of the contribution using life expectancy actuarial tables and discount rates and is revalued annually; referencing the 2000CM life expectancy tables. Actual gains and losses resulting from the annual revaluation of annuity obligations are reflected as with donor restriction, consistent with the method used to initially record the contributions. The basis used to recognize the asset is fair value.

When the College does not serve as trustee for an irrevocable charitable remainder trust, the College records its beneficial interest in those assets as contribution revenue and funds held in trust by others at the present value of the expected future cash inflows. Such trusts are recorded at the date the College has been notified of the trust's existence and sufficient information regarding the trust has been accumulated to form the basis for a valuation. Changes in the value of these assets related to the amortization of the discount or revisions in the income beneficiary's life expectancy are recorded as gains or losses with donor restriction. The value of the College's interest in these trusts is included in Trusts Held by Others on the balance sheets.

The College is also the beneficiary of certain perpetual trusts held and administered by others. The present value of the estimated future cash receipts from the trust are recognized as contribution revenue and funds held in trust by others at the date the College is notified of the establishment of the trust and sufficient information regarding the value of the trust has been provided to the College. Annual distributions from the trusts are recorded as investment income in the period they are received. Changes in fair value of the trusts are recorded as financial capital gains or losses with donor restriction. The value of the College's interest in the trusts is included in Trusts Held by Others on the balance sheets.

Advertising Expense

Advertising expense is expensed as incurred. Advertising expense for the years ended June 30, 2018 and 2017 was \$84,258 and \$88,877, respectively.

Measure of Operations

The College reports a change in net assets from operating activities including all operating revenue and expense that are an integral part of its programs and supporting activities including net asset released from donor restrictions to support operating expenditures, as well as investment returns allocated by the board of trustees to support operations as established by the endowment spending policy.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measure of Operations (Continued)

The measure of operations includes support for operating activities without donor restriction and with donor restrictions that are not long-term in nature.

The measure of operations excludes support for nonoperating activities including investment returns in excess of amounts allocated to support current operations, changes in the market value of trusts held by others, changes in the fair value of planned giving agreements, private gifts and grants restricted for long-term investment and capital projects and changes in the fair value of the interest rate swap.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes

The College qualifies as a tax-exempt nonprofit organization under Section 501(c)(3) of the Internal Revenue Code (IRC) and similar statutes of Minnesota law. The College is subject to federal income tax only on net unrelated business income under the provisions of Section 501(c)(3) of the IRC. The College has evaluated its tax positions and determined it has no uncertain tax positions and has recorded no obligation for unrelated business income tax. No provisions for federal or state income taxes are required as of June 30, 2018.

Reclassifications

Certain amounts appearing in the 2017 financial statements have been reclassified to conform with the 2018 presentation. The reclassifications have no effect on reported amounts of total net assets or change in total net assets.

Change in Accounting Principle

The College has adopted the accounting guidance in Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2016-04, *Not-for-Profit Entities (Topic 958):* Presentation of Financial Statements of Not-for-Profit Entities in 2018. These changes were applied retroactively to ensure comparability with the prior year. The update changes presentation and disclosure requirement for nonprofit entities to provide more relevant information about their resources (and the changes in those resources) to donors, granters, creditors, and other users. These include qualitative and quantitative requirements in the following areas: net asset classes, investment return, expenses, and liquidity.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

In preparing these financial statements, the College has evaluated events and transactions for potential recognition or disclosure through September 20, 2018, the date the financial statements were available to be issued.

NOTE 2 INVESTMENTS AND FINANCIAL INSTRUMENTS MEASURED AT FAIR VALUE

Basis of Accounting

Investments include endowment, charitable gift annuities, pooled life income funds, and unrestricted operating investments. Investments are reported at estimated fair value. If an investment is held directly by the College and an active market with quoted prices exists, the market price of an identical security is used as reported fair value.

The majority of the College's investments are in shares or units of institutional commingled funds and investment partnerships invested in equity, fixed income, hedge funds, private equity, or real asset strategies. Hedge fund strategies involve funds whose managers have the authority to invest in various asset classes at their discretion, including the ability to invest long and short. Funds with hedge strategies generally hold securities for other financial instruments for which a ready market exists and may include stocks, bonds, put or call options, swaps, currency hedges and other instruments, and are valued by the investment manager accordingly. Private equity funds employ buyout, venture capital, and distressed credit strategies. Real asset and natural resource funds generally hold interest in private real estate, oil and gas partnerships, alternate energy partnerships, and mineral holdings.

Fair Value

The College's interest in commingled investment funds are generally reported at the net asset value (NAV) reported by the fund managers and assessed as reasonable by the College, which is used as a practical expedient to estimate the fair value of the College's interest therein, in the absence of readily determinable fair value, unless it is probable that all or a portion of the investment will be sold for an amount different from NAV. As of June 30, 2018, the College had no plans or intentions to sell investments at amounts different from NAV.

These NAV measurement adhere to fair value accounting as required by ASC 820, Fair Value Measurements and Disclosures, however, because of inherent uncertainties in valuation assumption, the estimated fair value for alternative investments such as private equity and private real estate may differ significantly from value that would have been used had a ready market existed. The valuations are determined by the fund managers and generally consider variable such as operating results, comparable earnings multiples, projected cash flows, recent sales prices, and other pertinent information.

NOTE 2 INVESTMENTS AND FINANCIAL INSTRUMENTS MEASURED AT FAIR VALUE (CONTINUED)

Fair Value (Continued)

The following tables summarize the College's investments by category and as applicable in their fair value hierarchy as of June 30:

					2018				
		NAV Practical							
		Expedient	Level 1		Level 2		Level 3		Total
Investments:									
Cash and Cash Equivalents	\$	-	\$ 86,869,275	\$	-	\$	-	\$	86,869,275

Total Investments		661,354,835	257,625,476		57,663,692		750,000		977,394,003
Trusts Held by Others			-		-		12,825,913		12,825,913
Total	\$	661,354,835	\$ 257,625,476	\$	57,663,692	\$	13,575,913	\$	990,219,916

Liabilities measured at fair value on a recurring basis as of June 30:

		2018							
	Level 1	Level 1 Level 2 Level 3 Tota							
Interest Rate Swap	\$ -	\$ 200,702	\$ -	\$ 200,702					
		2017							
	Level 1	Level 2	Level 3	Total					
Interest Rate Swap	\$ -	\$ 482,797	\$ -	\$ 482,797					

Interest rate swap agreements are classified as Level 2 as they are valued based on active market inputs. The College has the right to terminate the swap agreement at any time, at a commercially reasonable amount at the measurement date.

NOTE 2 INVESTMENTS AND FINANCIAL INSTRUMENTS MEASURED AT FAIR VALUE (CONTINUED)

Fair Value (Continued)

Trusts held by others are valued at the present value of the future distributions expected to be received by the College over the term of the agreement; essentially equivalent to the market value of the College share of the trust as provided by the trust administrator.

The following tables are a roll forward of the balance sheet amounts for financial instruments classified by the College within Level 3 of the fair value hierarchy defined above.

Level 3 assets are as follows:

Balance as of June 30, 2017	Real Estate and Other Real Assets \$ 750,000		-	Frusts Held by Others 12,825,913	<u> </u>	Total nvestments 13,575,913

NOTE 2 INVESTMENTS AND FINANCIAL INSTRUMENTS MEASURED AT FAIR VALUE (CONTINUED)

Liquidity

The College routinely monitors liquidity required to meet its operating needs and other contractual commitments. The College considers all expenditure related to its ongoing activities of teaching, research, and public service as well as the conduct of services undertaken to support general institutional expenditures. Student loans receivables are not included in the analysis of liquidity as principal and interest on student loans are used solely to make new loans.

In addition to financial assets available to meet general expenditures, the College operates with a balanced operating budget and anticipates collecting sufficient revenue to cover general expenditures not covered by donor-restricted resources.

For purposes of analyzing resources, the College considers various sources of liquidity including cash and cash equivalents and investments. As of June 30, 2018, the following financial assets could readily be made available within one year of the balance sheet date to meet general expenditures:

Cash and Cash Equivalents	\$ 17,557,279
Contributions for General Expenditures Due in	
One Year or Less	1,278,683
Grants Receivable	558,933
Accounts Receivable, Net	3,504,924
Investments	59,591,559
Investment Return Allocation Authorized	 40,469,044
Total	\$ 122,960,422

In addition to financial assets available to meet general expenditures within one year, the following amounts are expected to be released from donor-restricted financial assets over the next 12 months to meet expected construction costs:

Ф	35,476,889
	15,938,369
\$	51,415,258
	\$

NOTE 2 INVESTMENTS AND FINANCIAL INSTRUMENTS MEASURED AT FAIR VALUE (CONTINUED)

Investment liquidity, as of June 30, is aggregated in the tables below based on redemption or sale period:

Balances as of June 30, 2018	Dailey	Monthly	Quarterly	Semi-Annually	Annual or Longer	Illiquid	Total
Cash and Cash Equivalents	\$ 86,869,275	\$ -	\$ -	\$ -	\$ -	\$ -	\$ 86,869,275
Fixed Income	59,591,559	-	-	-	-	-	59,591,559

Balances as of June 30, 2017	Dailey	Monthly	Quarterly	Semi-Annually	Annual or Longer	Illiquid	Total
Cash and Cash Equivalents	\$ 17,073,257	\$ -	\$ -	\$ -	\$ -	\$ -	\$ 17,073,257
Fixed Income	56,376,472	-	-	-	-	-	56,376,472
Public Equities	157,852,751	43,640,917	33,577,770	-	134,975,941		370,047,376
Private Equity	-	-	-	-	-	130,403,276	130,403,276
Hedge Funds	-	-	103,309,446	80,054,235	54,259,418	422,198	238,045,297
Real Estate and Other Real Assets	-	-	-	-	-	105,542,685	105,542,685
Planned Gift Agreements and Other						59,905,635	59,905,635
Total Investments	\$ 231,302,480	\$ 43,640,917	\$ 136,887,216	\$ 80,054,235	\$ 189,235,359	\$ 296,273,794	\$ 977,393,998

At June 30, 2018 and 2017, the College had outstanding commitments of \$133,728,227 and \$131,714,017, respectively, to private capital investments that have not yet been drawn down by the general partners of these funds. Typically, committed capital is drawn down and invested over a several year period. In the past, drawdowns on outstanding commitments have been funded by distributions from the private capital portfolio, as well as cash and other liquid investments.

At June 30, 2018 and 2017, the College had \$23,301,438 and \$19,915,346, respectively, invested with hedge fund investments which utilized side pockets within their portfolio of investments. Side pockets are segregated accounts used by hedge funds to hold illiquid investments.

The College holds mortgages on residences of eligible faculty and staff members that amounted to \$873,279 and \$958,709 as of June 30, 2018 and 2017, respectively. The average interest rate on the mortgages for the years ended June 30, 2018 and 2017 was 5.15%.

The carrying amounts of cash and cash equivalents and pledges receivable approximate fair value because of the short maturity of these financial instruments.

The carrying amount of bonds payable approximates fair value because these financial instruments bear interest at rates which approximate current market rates for bonds with similar maturities and credit quality.

NOTE 3 PROPERTY, PLANT, AND EQUIPMENT

Property, plant, and equipment as of June 30 are as follows:

	2018	2017
Land	\$ 3,785,214	\$ 3,785,213
Land Improvements	843,255	826,358
Buildings and Building Improvements	304,348,867	268,924,599
Library Books	33,396,442	35,454,540
Equipment and Vehicles	56,628,314	55,013,116
Construction in Progress:		
Residence Hall Renovations	1,217,865	721,437
Academic Building Renovations	28,088,023	36,362,075
Utility Master Plan	12,480,658	2,232,758
Other	129,132	593,022
Total	440,917,770	403,913,118
Less: Accumulated Depreciation	(179,969,313)	(174,651,516)
Property, Plant, and Equipment, Net	\$ 260,948,457	\$ 229,261,602

Total depreciation expense as of June 30, 2018 and 2017 was \$11,254,734 and \$10,798,461, respectively.

The College has capitalized collections received of \$422,950 and \$181,100 for the years ended June 30, 2018 and 2017, respectively. These collection items are valued at fair market value at the date of donation and are not depreciated.

NOTE 4 BONDS PAYABLE

Bonds payable at June 30 consisted of the following bonds issued by the Minnesota Higher Education Facility Authority (MHEFA) on behalf of the College:

	2018	2017
Revenue Bonds, Series 6D	\$ 9,235,000	\$ 12,165,000
Revenue Bonds, Series 2017	122,115,000	124,900,000
Bonds Payable	131,350,000	137,065,000
Less: Unamortized Origination Costs	(798,120)	(896,727)
Plus: Unamortized Premium	13,785,612	14,277,956
Bonds Payable, Net	\$ 144,337,492	\$ 150,446,229

NOTE 4 BONDS PAYABLE (CONTINUED)

On April 1, 2005, MHEFA issued Series 6-D Variable Rate Demand Revenue Bonds (the Bonds) in the amount of \$31,460,000 for the College. The Bonds mature April 1, 2035. The interest rate on the Bonds, adjusted weekly, ranged from 0.76% to 1.83% during the fiscal year 2018 with an average rate of 1.16%. Proceeds of approximately \$28,000,000 were used to retire the Series 3-L1 and retire identified Series 4-N bonds upon maturity. The remaining proceeds were used to finance new student housing and real estate acquisitions near the College campus for purposes related to the educational mission of the College.

On May 24, 2017, MHEFA issued Series 2017 Fixed Rate Revenue and Refunding Bonds (the Bonds) in the amount of \$124,900,000 for the College. The Bonds include serial maturities in 2018 through 2042, term bonds maturing in 2044 and 2047. The 2044 term bond has mandatory principal redemptions in 2043 – 2044 (final maturity) and the 2047 term bond has mandatory principal redemptions in 2045 – 2047 (final maturity). The Bonds are subject optional redemption beginning March 1, 2027. Coupon rates range from 3.00% to 5.00% with a combination of premium bonds and one par bond. Yields range from .86% to 3.75%. The Bonds have a true interest cost (TIC) of 3.29%. Proceeds were used to refund the Series 5-G, and advance refund the Series 6-T and Series 7-D. New money proceeds of \$70,000,000 were used to finance construction and renovation of the Science Complex, redesign the campus utility infrastructure, and construct a music and performance addition to the Weitz Center for Creativity.

The scheduled maturities of debt in each of the five years subsequent to June 30, 2018 are as follows:

Year Ending June 30,	Amount
2019	\$ 5,260,000
2020	4,565,000
2021	4,705,000
2022	4,890,000
2023	5,440,000
Thereafter	106,490,000
Total	\$ 131,350,000

The bond agreements contain various covenants regarding submission of financial statements and budgets; notice of intent to issue additional debt; and require certain debt coverage financial ratios.

NOTE 4 BONDS PAYABLE (CONTINUED)

Interest Rate Swaps

The College uses one interest rate swap agreement as part of its risk management strategy to manage exposure to fluctuations in interest rates and to manage the overall cost of its debt. The interest rate swap agreement is not entered into for trading or speculative purposes. The interest rate swap agreement is recognized as a liability on the balance sheets and as measured by its fair value. The college expects to hold the interest rate swap agreement for the life of the strategy, and reflects interim unrealized gains or losses depending on the change in value since the inception of the contract. All Unrealized and Realized Gains and Losses from the interest rate swap agreements are reflected in the statements of activities and change in net assets.

On March 31, 2005, the College entered into an interest rate swap agreement with Morgan Stanley Capital Services Inc. terminating April 1, 2022; under the terms of the swap agreement, the College will pay a fixed rate of 3.53% and receive a variable rate of 68% of LIBOR. The current notional amount of the agreement, \$6,200,000, declines annually with each principal payment of MHEFA Series 6D variable rate bonds. At June 30, 2018 and 2017, the fair value of swap agreement liability was \$200,702 and \$482,797, respectively.

The College has the right to terminate the swap agreement at any time, at its sole discretion, at a commercially reasonable amount. Morgan Stanley can only terminate when there has been an event of default by the College or if the College debt is rated lower than Baa3. The termination at such time will be at the then commercially reasonable amount.

Standby Bond Purchase Agreements

The College has a standby bond purchase agreement to provide liquidity support for the Series 6D variable rate bonds, which are remarketed weekly. In the event some or all of the bonds were tendered and not remarketed, the facility provides for the purchase of the unremarketed bonds by the bank. Any funds provided by this liquidity facility would be payable to the bank by the College. The College pays an annual commitment fee of .45% on the Series 6D agreements which expire April 30, 2020. There have been no bonds purchased by the bank under the agreements as of June 30, 2018. If the standby bond purchase agreements are not extended, and the Series 6D are not refinanced by April 30, 2020, the balance outstanding on the bonds would become due and payable.

NOTE 5 RESTRICTIONS AND LIMITATION ON NET ASSET BALANCES

The board has designated \$302,002,851 and \$283,090,755 of net assets without donor restriction as funds functioning as endowment as of June 30, 2018 and 2017, respectively.

Net asset with donor restriction are available for the following purposes as of June 30, 2018:

Donor-Restricted Net Assets not Invested in Perpetuity:	
Program Support	\$ 21,663,859
Advances for Grants and Contracts	2,885,840
Henry Strong Loan Fund	343,544
Physical Plant Acquisitions	23,513,532
Accumulated Earnings from Endowment Funds	
subject to Donor Restrictions	351,199,980
Split-Interest Agreements	 28,971,930
Total Donor-Restricted Net Assets not	
Invested in Perpetuity	428,578,685
Donor-Restricted Net Assets Invested in Perpetuity:	
Endowment	241,896,014
Underwater Endowment	(865,342)
Split-Interest Agreements	11,595,562
Total Donor-Restricted Net Assets	
Invested in Perpetuity	252,626,234
Total Net Assets with Donor Restrictions	\$ 681,204,919

Net assets were released from donor restrictions as expenses were incurred satisfying the restricted purposes or by the passage of time or the occurrence of other events specified by donors as follows for the year ended June 30, 2018:

21,615,311

65,616,427

NOTE 6 ENDOWMENTS

The College endowment consists of approximately 713 individual donor restricted endowment funds and 142 board-designated endowment funds. The College pools these investments in a unitized pool similar to an open-ended mutual fund. Funds added or withdrawn from the pool are recorded at their share of the market value per share at the beginning of the month within which the transaction takes place.

The market value of the endowment reported in the financial statements includes the present value of pledges receivable. The market value of endowment investments, excluding contributions receivables to the endowment, was \$878,493,998 and \$828,168,145 as of June 30, 2018 and 2017, respectively.

The annual endowment spending appropriation is approved by the board of trustees as part of the annual operating budget, in advance of the fiscal year to which it will apply. Endowment spending is defined as a per share dividend to be paid to endowment accounts based upon the number of shares held by each. The annual spending in any fiscal year is calculated as follows: 70% of the allowable spending in the previous fiscal year, increased by 2%; plus 30% of the long-term spending rate of 4.95% applied to the 12 quarter market value average of the endowment unit value for the period ending June 30 of the year, one year prior to the start of the fiscal year. The allowable spending dividend in a fiscal year is limited to not more than 5.75% or not less than 3.75% of the market value of the endowment unit value for the period ending June 30 of the year, one year prior to the start of the fiscal year.

NOTE 6 ENDOWMENTS (CONTINUED)

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the value of the initial and subsequent donor gift amounts (underwater). As of June 30, 2018, funds with original gift values of \$12,564,743, fair values of \$11,699,401, and deficits of \$865,342 were reported in net assets with donor restrictions. As of June 30, 2017, funds with original gift values of \$11,754,384 and fair values of \$10,077,644, and deficiencies of \$1,676,740 were reported in net assets with donor restriction. These deficits, which the College believes are temporary, resulted from unfavorable market fluctuations. Continued spending appropriations are deemed prudent.

NOTE 7 RETIREMENT PLAN

Retirement benefits for substantially all full-time nonunion employees are individually funded and vested under a defined contribution program with the Teachers Insurance and Annuity Association and the College Retirement Equities Fund (TIAA and CREF). Under this agreement, the College and plan participants contribute to individual employee TIAA-CREF retirement accounts which fund individual retirement benefits.

Expenses for the College's share of the contributions were \$5,595,736 and \$5,422,413 in 2018 and 2017, respectively.

NOTE 8 CONTRIBUTIONS RECEIVABLE

Unconditional promises to give are included in the financial statements as contributions receivable and revenue in the appropriate net asset category.

Contributions receivable are summarized as follows at June 30:

		2018	 2017
Unconditional Promises Expected to be Collected in:		_	
Less than One Year	\$	4,686,270	\$ 4,013,277
One Year to Five Years		23,424,554	20,337,854
Over Five Years		810,018	932,281
Gross Pledges Receivable	' <u>-</u>	28,920,842	 25,283,412
Less: Present Value Discount		(1,294,484)	(1,109,563)
Less: Allowance for Uncollectible Pledges		(200,000)	 (200,000)
Pledges Receivable, Net	\$	27,426,358	\$ 23,973,849

Contributions receivable from board members and employees totaled \$14,548,502 and \$10,031,171 at June 30, 2018 and 2017, respectively.

At June 30, 2018 and 2017, approximately 16% and 12% gross contributions receivable, respectively, were attributed to one contributor.

NOTE 9 CREDIT QUALITY OF STUDENT NOTES RECEIVABLE

The College issues uncollateralized loans to students based on financial need. Student loans are funded through federal government loan programs or institutional resources. Allowances for doubtful accounts are established based on prior collection experience and current economic factors which, in management's judgment, could influence the ability of loan recipients to repay the amounts per the loan terms. At June 30, 2018 and 2017, student loans represented less than 1% of total assets.

At June 30, student loans consisted of the following:

	2018			2017
Federal Government Programs	\$	5,477,431	\$	6,508,799
Henry Strong Loan Program		160,692		165,587
Institutional Loan Programs		770,012		742,955
Subtotal, Gross		6,408,135		7,417,341
Less: Allowance for Doubtful Accounts:				
Beginning of Year		(155,000)		(155,000)
Decreases to Allowance		-		<u>-</u>
End of Year		(155,000)		(155,000)
Student Loans Receivable, Net	\$	6,253,135	\$	7,262,341

At June 30, the past due and current amounts under student loan programs were as follows:

	2018	 2017
Current Loan Receivables	\$ 5,620,711	\$ 6,978,854
Past Due Loan Receivables:		
0 - 240 Days Past Due	614,252	301,870
240 Days - 2 Years Past Due	69,974	22,058
2 - 5 Years Past Due	10,770	14,156
5+ Years Past Due	92,428	100,403
Total Past Due	787,424	438,487
Total Student Loan Receivables, Gross	\$ 6,408,135	\$ 7,417,341

Funds advanced by the federal government of \$3,528,259 and \$4,512,205 at June 30, 2018 and 2017, respectively, are ultimately refundable to the government and are classified as liabilities on the balance sheets.

As of June 30, 2018 and 2017, the Perkins Cohort Default rate was 1.086% and .83%, respectively.

NOTE 10 COMMITMENTS AND CONTINGENCIES

The College is involved in various legal actions arising in the normal course of activities and is subject to periodic audits and inquiries by various regulatory agencies. Although the ultimate outcome of such matters is not determinable at this time, management believes that the resolution of these pending matters will not have a materially adverse effect on the College's financial statements.

During the year, the College entered into various contracts for construction of new academic buildings and other infrastructure improvements. As of June 30, 2018 and 2017, the remaining commitment on these contracts totaled \$77,092,748 and \$17,981,704, respectively.

NOTE 11 SELF-INSURED MEDICAL BENEFITS AND WORKERS' COMPENSATION

The College provides medical benefits through a self-insured plan, which is available to all employees of the College who meet eligibility requirements for medical benefits. Accrued expenses include an incurred but not reported reserve of \$1,050,000 as of June 30, 2018, an estimate of amounts due and payable on existing claims for which the College is self-insured and which are expected to be settled currently. For the plan year ended December 31, 2017, the College is self-insured with an aggregate stop-loss of \$9,847,547. As of June 30, 2018, the College had unrestricted net assets of \$1,178,089 designated for health insurance benefits, which consist of the cumulative amount of College and employee contributions toward health premiums have exceeded expenses over the life of the plan.

The College is self-insured for workers' compensation. As of June 30, 2018 and 2017, the College has recorded a liability of \$175,000 and \$50,000, respectively, for claims incurred but not yet reported. The Workers' Compensation Reinsurance Association (WCRA) provides stop-loss coverage for aggregate claims in excess of \$450,000. The College has established a workers' compensation reserve as required by WCRA, which is included in Investments on the balance sheets, of \$949,488 and \$1,010,515 as of June 30, 2018 and 2017, respectively.

NOTE 12 EXPENSES BY FUNCTION AND NATURAL CLASSIFICATION

The College reports expenditures in categories reflecting core operational objectives for higher education as defined by Integrated Postsecondary Education Data System (IPEDS). During the year expenses are directly coded to program activities (instruction, research, academic support, student services, and auxiliary enterprises) or support services (institutional management and fundraising) whenever possible. Expenses which are not directly identifiable by program or support service including operation and maintenance of plant expenses are allocated based on depreciation expense, interest expense is allocated based on the programs and/or supporting functions that directly benefit from the related debt issuance.

Expenses are categorized on a functional expenses as follows:

- **Instruction** includes expenses for all activities that are part of the instructional program.
- Research includes expenses for activities specifically organized to produce research, whether funded by a federal grant or foundation or directly supported by the college or by an organizational unit.
- Academic Support includes expenses for all activities that directly support the instructional programs of the college such as the library and technology services.
- **Student services** are considered programmatic and include activates that contribute to student emotional and physical well-being and intellectual, cultural and social development outside the formal instructional program.
- **Auxiliary** include expenses relating to the operation of the auxiliary activities such as housing, dining services, printing and mailing, parking and transportation.
- Support Activities include centralized management and administrative support services such as executive management, fiscal operations, general administration, and fundraising activities.

Expenses associated with the operation and maintenance of plant, depreciation and interest expense are allocated across all functional expense categories as follows:

- Depreciation expenses for buildings and equipment are allocated based on the use
 of the building.
- Plant Operation and Maintenance expenses for the administration, supervision, operation, maintenance, preservation, and protection of the institutions physical plant follow depreciation allocations.
- Interest Expense is allocated based on the use of space benefiting from the original debt issue.

Program activity expense reflects the major activates of the institution for instruction, research, academic support, student services, and auxiliary enterprises. Support activities include institutional management and fundraising.

NOTE 13 EXPENSES BY FUNCTION AND NATURAL CLASSIFICATION (CONTINUED)

Expenses reported by function on the statement of activities and changes in net assets are summarized by natural classification for the year ended June 30, 2018:

	Program Activities	Support Activities	Total
EXPENSES			
Salaries and Wages	\$ 49,416,632	\$ 10,056,185	\$ 59,472,817

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Trustees Carleton College Northfield, Minnesota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Carleton College (the College), which comprise the balance sheet as of June 30, 2018 and the related statements of activities and changes in net assets, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated September 20, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the College's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Trustees Carleton College Northfield, Minnesota

Report on Compliance for Each Major Federal Program

We have audited Carleton College's (the College) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the College's major federal programs for the year ended June 30, 2018. The College's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the College's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Carleton College's compliance.

Opinion on Each Major Federal Program

In our opinion, Carleton College complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018.

Report on Internal Control Over Compliance

Management of the College is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the College's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

CARLETON COLLEGE NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS YEAR ENDED JUNE 30, 2018

NOTE 1 BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the College under programs of the federal government for the year ended June 30, 2018. The information in this Schedule is presented in accordance with the requirements of 2 CFR Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance).* Because the Schedule presents only a selected portion of the operations of the College, it is not intended to, and does not, present the financial position, changes in net assets, or cash flows of the College.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. The College has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

NOTE 3 PERKINS LOAN PROGRAM

Outstanding balance of Perkins loans administered by Carleton College at June 30, 2018 and loans advanced during the year were as follows:

	Loan		Loans	
	 Balance		Advanced	
	_		_	
Federal Perkins Loan Program (CFDA #84.038)	\$ 5,477,431	\$	131,371	

CARLETON COLLEGE NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS YEAR ENDED JUNE 30, 2018
