

Dear Class of 1968,

You have seen the save-the-date postcard...you can do the math...and you know that it is time to plan our 50th Carleton reunion. Now we all need to start creating the energy and enthusiasm that will bring you to Northfield on June 14-17, 2018!

Stephen C. Bayne

Still an experiment...

Yes, we were the bona fide “experimental” class. As the leading edge of baby boomers, we have always been the experiment as we have moved through the passages of life. Let’s celebrate our many experiments and try, once again, to figure out what’s next!

Who we are today...

Carleton has changed. The world has changed. We have changed. We believe that reunions should be about today. We cannot re-create our 21-year old selves—nor do we want to! We will come together to celebrate one another, share stories of our lives since we left Carleton, and honor the institution that invited us to Northfield in the fall of 1964 and sent us into the world in the spring of 1968.

What can we do next?

- Put June 14-17, 2018, on your calendar ...RIGHT NOW!
- Open every email you get from Carleton ... STARTING NOW!
- Call, email, text or otherwise contact your classmates and friends...we want everyone who is able to attend the reunion!
- Answer your one-minute surveys when they arrive...they only take a minute!
- Check out the web site...WEEKLY!
go.carleton.edu/1968/
- Call, text, or email co-chairs with ideas, suggestions, questions ...ANYTIME!
- Volunteer to help the OUTREACH group making calls to connect to classmates, adding yourself to the Bio Book page, and sending news/ideas to the online newsletter.
- Volunteer to help the PROGRAM group by sending ideas for programming or by telling about your expertise or talents you are willing to share.
- Volunteer to help the GIFT group by making calls to classmates or by sharing your ideas for any special projects our class can do to honor our time at Carleton College.

Let’s make this reunion the most vibrant, most meaningful, and most fun that has ever been held at Carleton! After all, remember we are “still an experiment”—so let’s make this our own unique celebration!

Class of '68 Reunion Planning Group:

Reunion Coordinators

Steve Bayne, sbayne@umich.edu, 734-649-8595
